were kept unfilled in the unit of the D.C. Kolar. It is now explained by the D.C. that these could not be filled up immediately as they were permanent ones and confirmations could not be ordered in the case of ministerial appts because the candidates had either not qualified or had not completed the Probationary period and in the case of executive appointments because confirmations of Rev Inspectors was not within his province.

Sir,

With reference to your letter No.1703 dated 13-9-1939 requesting me to furnish reasons for the decrease in the percentage of appointments held by Non-Brahmins in the ministerial service during the half year ending 30th June 1939, I have the honor to state that from the particulars furnished in the "C" Statement, it may be seen that the reduction is dule to one Lingayet official having retired from service and another Vokkaliga official having left the Department during the half-year. It may also be seen that there has been a reduction in the actual strength of the Brahmin officials as well during the half year under reference.

Mysore District,

Dated, the 25th September 1 9 3 9.

Review on the 'C' Statement for the half year ending 30th June 1939.

***

The total strength of the ministerial and executive establishment was 924 as against 926 in the previous half year. There was a decrease by 4 in the ministerial staff and an increase by two in the executive establishment, resulting in a net decrease of 2.

MINISTERIAL ESTABLISHMENT.

The total strength during the half year was 606 as against 610 in the previous year. Four appointments of Clerks which were temporarily sanctioned in the previous half year, ceased during the half year. Hence the decrease by 4 in the strength. Out of the total strength of 606, only 574 persons were actually holding appointments during the half year, the remaining 32 places being vacant. It may be stated here that there was a slight increase in the percentage of Brahmins, during the half year under review due to the greater number of vacant places viz., 32 as against 13 in the previous half year.

EXECUTIVE ESTABLISHMENT.

The total strength during the half year was 318 as against 316 in the previous half year. The posts of four Sub Overseers for Well Works were sanctioned during the half year under report and the posts of two Police Daffedars were abolished and converted into P.R.P. Havaldars as per Government Order - - No.P.3449-50/Pol.117-38-2 dated 3-1-1939. Hence the increase in the strength by two. Against the total strength of 318, the number actually holding appointments was 313, the remaining 5 places being vacant.

In

In this series there was an increase in the percentage of Non-Brahmins, during the half year under review.

From his present report it would appear that the vacancies not filled up in the ministerial were only four and not 34 which has reference to permanent ones. Dated, Kolar, the 3rd November 1940

From

The Secretary,

Bangalore.

Sir,

With reference to your letter No.3664/C.R.B. dated 28-12-39 requesting to state reasons for 34 vacancies in the ministerial line at the end of June 1939 and observing that there is a perceptible decrease in the percentage of appointments held by candidates of the backward communities, I have the honour to state that the figure 34 shown as vacant in annexure 2 represents the permanent vacancies that existed at the end of June 1939. The statement in question refers to men having permanent lien. As seen from annexure 3 sent as enclosed with the review for the half year ending June 1939, the number of vacancies not filled up was only 4. This was due to the fact that they were of either of short duration or the candidates appointed had not joined duty. Regarding the observation that there is a perceptible decrease in the number of appointments held by candidates of the backward communities I am to state that out of the total strength of 358, 163 appointments were held by brahmins, 4 posts were vacant and 191 appointments were held by candidates of the backward communities. The percentage works out 53.9 in respect of backward communities and 46.0 in respect of members of the brahmin community as against 49.16 and 48.14 respectively at the end of December 1938. Hence there is an increase in the percentage of appointments held by candidates of the backward communities among the men actually holding posts.

The reason for the existence of 34 vancancies is due to the fact that, though they had been filled up temporarily confirmations were not ordered since the recruits had either not qualified themselves by passing departmental tests or had not completed thier period of probation. As regards the reasons for the existence of vacancies in the Executive

P.t.o.

Executive Establishment, a large number of them relates to the vacancies among Revenue Inspectors. Confirmation of these officials are to be ~~ordered~~ ordered by the Revenue Commissioner. Proposals submitted for confirmation had not been sanctioned by the Revenue Commissioner at the end of June 1959 to which period the review ~~x~~ relates.

Kolar District,
Dated, Kolar, the 1st December 1939.

Review on the progress made in the recruitment of candidates from th the various communities in the unit of the Deputy Commissioner, Kolar District, for the half year ending 30th June 1939.

- - -

Ministerial Establishment

The total strength of the Ministerial establishment during the half year under review was 357 as against 355 of the halfyear ending June 38. 34 posts were vacant as against 6 during the half year ending June 38. Action under the rules was being taken in respect of some vacancies and a few of them were kept unfilled up on account of the short duration of the vacancies. 173 posts were held by Brahmins and 151 posts by non-brahmins as against 168 and 181 posts respectively during the half year, ending June 38. The variations in the percentage during the hal year as against the percentage during the previous half years are mainly due to the reason that a good number of vacancies, viz., 34 were kept unfilled up. Out of these 34, 20 posts belonged to the members of the backward communities.

Executive Establishment

The total strength of Executive Establishment at the end of the half year under review was 146 as against 155 at the end of the corresponding period of the previous year. The decrease in the strength is due to the termination of the temporary establishment in the Excise Department, during the half year under review.

Of the 146 posts, 17 were kept vacant, 34 were held by brahmins and the remaining 95 posts were held by non-brahmins as against 39 and 114 posts at the end of June 1938 and 37 and 116 at the end of December 1938. There has been a decrease in the number of both brahmins and non-brahmins on account of the vacancies kept unfilled up.

SIR,

With reference to your letter No. 4309/C.R.B. dated the 1st Feby 1940, pointing out certain corrections to be effected inthe C Statement of this unit for the half year ending 30th June 1939, I have the honor to state that the said corrections have been adopted in the draft cppy of the statement maintained in this office. Necessary corrections may be caused to be posted in the statement sent to you.

2. The decrease in the strength of non-brahmins on 30th June 39 as compared with the strength on 31st December 1938 is attributable partly to the transfers of certain non-brahmin officials of this District to other Districts and the posting of Brahmins in their places. Also, some non-brahmin recruits left the unit as they secured employment carrying higher salaries in other units. Moreover the number of posts which were vacant at the beginning of the year rose to 8 on 30th June 1939.

I have the honor to be,
Sir,

SIR,

I have the honour to forward herewith the consolidated statement of the composition of the Establishment of the Unit of this district, for the half year ending 30-6-1939 together with the necessary enclosures and the review on the progress made in the recruitment of various communities.

I have the honour to be,

Subd. The figures furnished may be accepted.

The percentages have been calculated on a wrong basis.

A draft pointing this is put up herewith

MR 10/9

Jan 19/9

Issued 1708 CRB dt 13.9.40.

No. S2- 12-2/38-39.

Office of the Deputy Commissioner,
Shimoga District,
Dated Shimoga, 23rd August 1939.

Review on the progress made in the recruitment of various communities in the Unit of the Deputy Commissioner, Shimoga District, for the year ending 30-6-1939.

The total strength of the ministerial establishment including those of Municipalities was 287 during the year as against 280 in the previous year. The increase is due to the appointment of Clerks in the newly sanctioned posts as detailed below:-

1) One temporary Record Keeper in Shimoga Municipality.

2) One temporary Mohatarfa Clerk, Shimoga Municipality.

3) One Clerk for the Debt Conciliation Board office, Sagar.

4) One Clerk in connection with the execution of Drinking water wells.

5) One special Clerk in Shikarpur Taluk for work in connection with collection and disposal of lands commanded by Anjanapur channel.

6) One Clerk for the Special Land Acquisition Office, Sagar sanctioned in connection with the acquisition of lands for Sagar- Talaguppa Railway line.

7) One Clerk in the Bhadravati Municipality.

2. Out of 287 Ministerial appointments in this Unit, 4 were vacant. Of the remaining 283 appointments, 136 were held by Brahmins and 147 were held by members of Backward communities, as against 139 by Brahmins and 141 by members of Backward communities out of 280 appointments in the previous year. The percentage of appointments held by Brahmins and the members of Backward communities works up to 47.40 and 51. 24 respectively as against 49. 64 and 50. 36 in the previous year. There has been no great variation in the different communities except for an increase of 3 under Lingayets.

3. Out of the 89 appointments in the Executive Establishment, one was vacant. Of the remaining 88 appointments, 29 were held by Brahmins and the remaining 59 were held by members of Backward communities as against 26 and 64 respectively out of 90 appointments in the previous year(The decrease of one appoint-

appointment being due to the abolition of the Special Revenue Inspector's post for the execution of Co-operative Society decrees in the Shimoga Taluk). The reason for increase is explained in Column 6 of the statement enclosed.

4. The total number of Non-Gazetted appointments in this Unit including those of Municipalities was 376 in both the Ministerial and Executive Establishments. The same is noted below in a tabular form under several grades of pay:-

Appointments carrying a pay of Rs	Brahmins.		Other communities.		Vacant	
	Ministerial.	Executive.	Ministerial	Executive.	Ministerial	Executive.
Less than Rs 25/- per mensem.	13	4	26	7	1	-
From Rs 25/- to Rs 50/-	106	19	114	49	3	1
From Rs 50/- to Rs 100/-	15	6	7	2	-	-
From Rs 100/- to Rs 250/-	2	-	-	1	-	-
TOTAL.	136	29	147	59	4	1

Grand total. 371.
Vacant. 5
376.

5. There were 4 places of Clerks and one of Tester of Weights & Measures vacant at the close of the year. It is seen that 165 Brahmins and 206 members of the several Backward Communities held posts during the year as against 165 and 204 respectively in the previous year.

RS 18/X/39

I have the honour to forward herewith the following statements for the half-year ending 30th June 1939.

1) "C" statement in respect of men actually holding posts on 30th June 1939 including teachers in Urdu Institutions.

2) "C" statement in respect of men actually holding posts on 30th June 1939 excluding teachers in Urdu Institutions.

3) Statement of non-Gazetted appointments of the superior service held by different communities in the State service on 30th June 1939.

4) Consolidated schedules of establishment of offices and institutions as they stood on 30th June 1939 in respect of Bangalore Division only. Those concerning Mysore Division will be submitted on receipt.

A comparison of the figures (as noted in the margin) in the statement of men actually working including teachers in Urdu Institutions, for the year ending 30th June 1939 with those for the year ending 30th June 1938 shows that the total number of employees actually working in the Executive line has

	Executive June '38.	Executive June '39.	Difference.
Total	10,476	10,645	+ 169
Brahmins	4,768	4,671	- 97
Non-Brahmins	5,708	5,974	+ 266

has increased by 169 during the year under review and the number of Brahmins has decreased by 97 while that of Non-brahmins has increased by 266.

In the ministerial line, the total number of employees has -

	Ministerial June 1938	Menisterial June 1939	Difference.	
Total	338	331	- 7	) decreased by 7 and the number of Brahmins has decreased by 9 while the number of Non-brahmins has increased by 2.
Brahmins	226	217	- 9	)
Non-brahmins	112	114	- 2	)

There has been some improvement in the recruitment of the following communities during the year ending 30th June 1939 as noted below:-

1. Kurubas ..	13
2. Lingayets ..	44
3. Vokkaligars ..	62
4. Other caste Hindus	53
5. Mohamedans	26
6. Christians .	23
7. Adikarnatakas	29

A certain number of posts, mostly those of the training substitutes, remained vacant on 30th June 1939 and it is expected that most of those posts would have been filled up since according to recruitment rules. It is, therefore, likely that the actual number of employees belonging to the Backward Communities in service at present may be a little higher than what is shown in the statement.

I have the honour to be,
Sir,
Your most obedient servant,

Review on the progress made in the Recruitment of various communities in the Unit of the Inspector-General of Police in Mysore, Bangalore during the half year ending with 30th June 1939.

As in the case of previous years, Daffedars (except in the case of Railways and C.I.D.) working under the Deputy Commissioners are excluded as they belong to a separate unit and the figures shown in the statements enclosed exclude all such Daffedars.

The percentage of Brahmins to the total sanctioned strength in the ministerial and executive Establishments during the half year and under report were 48.59 and 35.86 as against 52.14 and 34.95 in the previous half year respectively. But the percentages of Brahmins to the total number of appointments actually held by persons (i.e., excluding the number of vaca-ncies) in these establishments would be 51.88 and 36.15 respectively.

It is seen that there was a considerable fall in the percentage of Brahmins appointed in the Ministerial during the half year under reveiw. The slight increase in the percentage of Brahmins appointed in the Executive is mainly due to the promotion of qualified and suitable Brahmin Daffedars of Districts to higher grades.

Sir,

With reference to your letter No.1702/C.R.B. dated 13-9-39 requesting me to furnish detailed reasons for the decrease in the number of appointments held by Backward Community Candidates during the current half year over the previous half year, I have the honour to state that--- there were 32 officials belonging to Backward Communities in the previous half year. During the current half year 2 permanent officials were absent one on other duty as Amildar in the Revenue Department and the other on -- leave. Two Probationary Sub Registrars were appointed during the current half year bringing the total number of officials belonging to Backward - Communities to 32. There was thus no change in the percentage as Compared with both the half years.

As regards Brahmins there were 33 officials during the previous half year. Two officials were on leave and two Brahmin Officials were appointed to act as Sub Registrars in the order of seniority. Another Brahmin Official belonging to this Department in the Kolar District was -- transferred to this office temporarily in a promotion vacancy. A temporary General vacancy occurred in this office and it was filled up by a -- candidate from the approved 'A' List of the Central Recruitment Board. -- These changes have resulted in the increase in the number of Brahmins by two, temporarily.

I have the honour to be,
Sir,
Your most obedient servant,

This accounts for the variations. During the previous half-year the total strength of the superior ministerial establishment was 26 and one appointment of Pressman was temporarily vacant in the Stamp Manufactory.

==========

Sir,

I have the honour to forward, herewith, the marginally noted statements as well as the review on the Progress made in the recruitment of Various Communities in the Stamp Department during the year 1938-39.

1. "C" statement with reference to men actually holding the posts.
2. Statement showing the Non-gazetted appointments of the superior service held by the different communities.
3. Consolidated Schedule of Establishment.

==========

I have the honour to be,
Sir,
Your most obedient servant,

FOR COMMISSIONER OF STAMPS.

Review on the progress of recruitment of Various Communities in the Stamp Department for 1938-39.

The Non-gazetted establishment of this unit office consisted of 26 ministerial appointments on 30th June 1938 against 32 on 30th June 1939. The increase in the strength of the establishment is due to the conversion of the posts of the six Pressmen of the Office of the Superintendent of Stamps in Mysore, Bangalore, from inferior into superior service as per Government Order No.Fl.7217-18/St. 15-38-2 dated 5th May 1939. The number and percentage of appointments held by Brahmins and Non-Brahmins on the respective dates are noted below:-

	Number of appointments actually held by		Total.	Percentage of appointments held by	
	Brahmins.	Non-Brahmins.		Brahmins.	Non-Brahmins.
As on 30th June 1938.	5.	18.	23.	21.74	78.26
As on 30th June 1939.	6.	26.	32.	18.72	81.28
As on 30th June 1934.	8.	12.	20.	40.00	60.00

There is an increase of 21.28 percent in the number of appointments held by Non-Brahmins during this period of five years from 30th June 1934. It is mainly due to the fact that out of the 12 officials (6 Assistant Pressmen of the Stamp Manufactory and 6 Pressmen of the Office of the Superintendent of Stamps) who have since been raised to superior service, ten belong to backward communities.

One Brahmin Official Viz, Mr.B.Soorappa, Assistant Storekeeper on Rs.55/- in grade 35-2-55 was retired from service from 7-5-39.

During the year under review two appointments were made from the approved special list for Class II clerical appointments and one special vacancy of Assistant Pressman was filled up after advertisement.

SIR,

Subject: Statements showing the composition of the establishment as on 30th June 1939.

In continuation of this office letter No.B-per.39-40 dated 12-4-'40 on the above subject, I have the honour to forward herewith the following statements:-

3) Consolidated schedule of establishment for the whole Department for the year ended 30th June 1939.

The increase in the percentage of Brahmins both under executive and ministerial services as on 30th June 1939 as compared with the previous half-year is due to the transfer of the establishment of the Silk Weaving Factory to this Department when the administrative control over the factory was transferred from the Director of Sandalwood Oil Factory to the Director of Industries and Commerce during the year 1938-39.

Subs. The figures furnished may be accepted. D | 2.04

The percentage gaps held by Brahmins in the ministerial service is 40.63 and not 40.56 as noted in the statement. This will be pointed out to the Regy.

As regards the decrease of N.Bs in the executive service this is obviously due to 3 vacancies during the 4 years not having been filled up. An enquiry is therefore called for.

To

The Secretary,
Central Recruitment Board,
Old Public Offices, Bangalore.

Sir,

-:"C" STATEMENTS:-

I have the honour to forward herewith a "C" statement of persons working in this Department in the executive and ministerial establishments for the half year ending June 1939 along with the annual schedule of establishment of the marginally noted sections as desired.

1. Head Quarters Section.
2. Sivasamudram Section.
3. Mysore Power & Lighting
4. Bhadravati Power & Light
5. Kankanhalli Power & Ltg
6. Shimsha New Project

The "C" Statement for the half year ending Decr. 1939 and the annual schedule of establishment relating to the Bangalore Power and Lighting and Kolar Gold Fields section will follow.

In this connection, I wish to inform you that the figures furnished in the "C" Statements include the officials lent from the Public Works, Accounts, Medical and Health Departments. The decrease or increase in each community for the half year when compared with the previous half year cannot be easily reconciled and I would suggest if the "C" Statements be prepared on the basis of men recruited in this Department including those men borne in the cadre of the Electrical Department but lent to other Departments and excluding those lent to this department from other departments when the differ-

differences in per centages can be fully explained.

I have the honour to be,

Sir,

Your most obedient servant,

With reference to your letter No.2276.CRB. dated 4th October 1939, requesting to furnish reasons for the decrease in the percentage of appointments held by non-brahmins in the executive establishment during the half year ending 30th June 1939 I have the honor to inform you that the decrease is due to the several appointments of Engineering Graduates belonging to the Brahmin Community as Surveyors, made by the Chief Engineer of Mysore. It is also partly due to retirement of the marginally* noted two Suboverseers belonging to backward communities and transfers of subordinates ordered by the Chief Engineer of Mysore from and to the Irrigation Circle.

[P. T.O.

1. This return will be sent to the Secretary, Central Recruitment Board, by each *Head of the Department* in respect of the ministerial and the executive establishments working in the Department.

2. The return is due in the Office of the Central Recruitment Board, on the 15th February of each year.

3. Brief explanation should be given for any variations in the relative strength of members of backward communities as compared with that of the previous half-year.

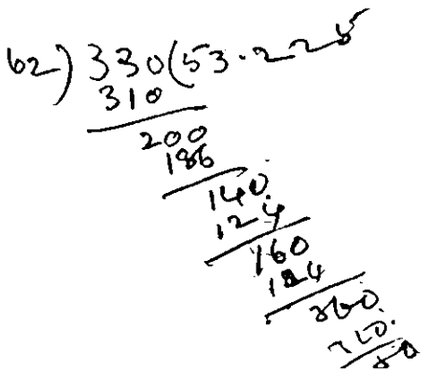
4. In the "C" Statements relating to the Education Department, the number of teachers in Educational Institutions for Muslims should be separately shown and two sets of percentages should be furnished, one excluding the appointments in Muslim Institutions (schools) and the other including the same.

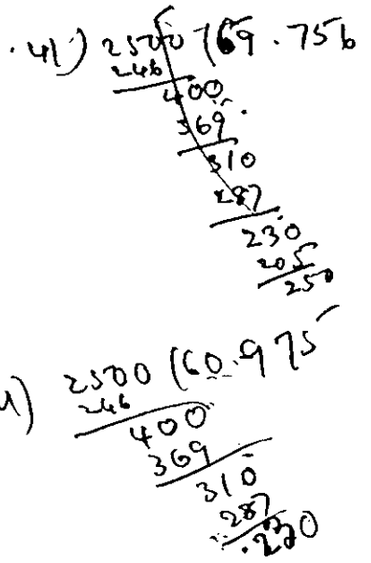
5. The figures furnished in column 3 should be the same as had been furnished during the previous half-year in the last column of the statement of the non-gazetted appointments on the 30th June, or else reasons for the change should be given in the remarks column.

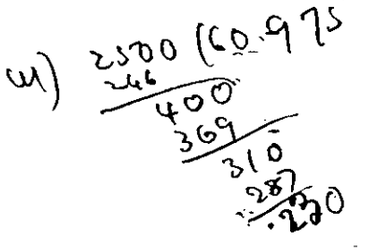
6. This statement should relate to those actually working irrespective of the fact whether they hold permanent lien or not, provided they have worked for three months or more on 31st December. As regards short term vacancies of less than three months duration, the community to which the permanent incumbent of the post belongs should be stated. The appointments of Gazetted ranks and of the menials should not be taken into account for the calculation of figures.

7. If this return is not sent on the due date, *i.e.*, 15th February, reasons should be given for the delay.

8. Forms required for this return may be obtained from the Superintendent, Government Printing, Bangalore, on indent.







WD 0668—GPB—2,000—17-11-33

Review on the progress in the Recruitment of candidates of Backward Communities, for the year ending 30th June 1939.

During the year 1938- 39, under reference, the following vacancies were filled up :-

Clerks	Class I	..	4 vacancies Special
	Class II	..	3. " "
Typists		..	4 " "

2. The Special candidates of Class I list were offered the Class I vacancies, and none of the candidates accepted our offers. The list was exhausted by 14th December, and no further list has been received so far. Under this circumstance, Class II Special candidates are being recruited to fill up Class I vacancies, as per rules.

3 As Class I posts require properly qualified hands, the filling up of these by Class II candidates, who are only S. S. L. C., has affected work to a good extent, since the requisite standard is not attained, and, apart from lower efficiency, there is delay in disposal also. It has to be noted here that, in the previous year also, vide previous review, Class I candidates did not accept the offer.

4 It is, therefore, suggested that, in the absence of Class I Special candidates, vacancies may be permitted to be filled up by Class I Brahmin candidates from the approved list, as a purely temporary measure, on the distinct understanding that such candidates will give place to Special candidates as soon as the latter become available.

The 3 vacancies in Class II were utilised for absorbing Class II Special candidates, working in the Department in Class II or Class I vacancies.

Since

Since the list of Special candidates of Typists is exhausted, the vacancies were filled up by appointing local qualified Special candidates, whose appointments are reported to Central Recruitment Board then and there

Sir,

With reference to your letter no 2283 Fl 130 dt 31-8-39 forwarding, among others, the 'C' statement for the half year ending 30.6.39, I am directed to observe that the Kunchitiga appara, and varnier now shown under separate heads there

be included under the head 'other caste Hindus and that the total no of officials of 'other caste Hindus in the ministerial service is therefore 6 and not 3 as mentioned in the statement. It is also observed that one Bania is noted under a separate head whereas it would be appropriate to include it in the 'other caste Hindus' Calculated properly, the total no of officials belonging to 'other caste Hindus' in the executive service will be 2 and not 1 as shown in the statement. I am to request that necessary changes may be made in your office copy.

I have

Review of progress made in recruiting the various communities in the Stores Department of the Mysore State Railway during the year 1938-39.

The permanent sanctioned scale of establishment was 22 hands for office and 22 for Central Stores Depot.

The two places of Sub-Assistant Storekeepers which were vacant on 30.6.38, were filled up by Government during 38-39.

On account of centralization of supply of Stationery & Forms to all departments of the Railway by this Department one more section in the office was opened with a temporary staff of 3 men. Of these three places one on Rs.60 was filled up by promotion, the promoted clerk being made the head of the section.

The last place in 30-2½-50, which is class I vacancy is vacant for want of a graduate of backward community on Central Recruitment Board list. The other two temporary places on Rs.25/- each were filled up by class II candidates on Central Recruitment Board special list.

Sir,

Mr. 7 D.C. D5087 Mr. 7 D & Srno 3/4.

With reference to your letter No.6185 dated 2-5-40 regarding the transfer of certain Brahmin officials from the ministerial to the executive line, etc., I have the honour to state that of the 3 officials in question M.R.Govinda Rao and B.K.Nanjundiah hold permanent appointments and their promotion to the executive was only temporary in the interest of collection work. They have since been reverted to the ministerial line. The other official Mr.A.S.Laxman Rao has since left service in this Municipality as already noted in the statement sent with this office letter No.A5-320/39 dated 22-3-40. The sanction of Government was not obtained in these cases as they were only temporary arrangements. I request you therefore to kindly move the Government as to approve of these transfers made by me temporarily in the interest of collection work.

I have the honour to be,

ORDER NO. 7223-24 | CMS 41-39-16

Dated, Bangalore, the 30th May 1940.

Recorded with the following observations:-

(i) Previous sanction of Government ought to have been obtained before effecting the transfer of K.R.Ramaswamy Iyengar from the executive to the ministerial service. It is, however, allowed to stand

(ii) The post of Maistry on Rs.25/- for the Municipal Engineering department was sanctioned in September 1938 and A.V. Kuppuswamy has been appointed to this post without observing the recruitment rules. If this vacancy had been classified, it would have been a special one and a candidate of backward community would have got the place. The explanation given by the Municipal Commissioner for filling up the above post outside the Central Recruitment Board rules is not convincing. However, as the post is stated to continue only up to June 1940 and any interference at this stage is not desirable, the appointment of the above candidate is permitted to be continued. In this connection Government wish to observe that a departure from the Central Recruitment Board rules without obtaining specific sanction is not satisfactory that such irregular appointments should not be made in future, that the candidate appointed will not get any preference in filling up future vacancies and that he should take his chance along with others on merits. Further, they direct that, if the above appointment is likely to continue after June 1940, the post should be advertised and filled up as per rules and that Kuppuswamy cannot be continued automatically.

I have the honour to forward herewith the composition statement of the 'Superior' establishment of the Mysore City Municipality for the half-year ending with 30th June 1939, with an explanatory memorandum for the difference in the figures for the previous half-year and the half-year under reference.

Mysore City Municipality.

Explanatory Memorandum, to the composition statement for the half-year ending 30th June 1939.

The noticable difference between the columns relating to the number and percentage of the officals for the previous half-year and the half-year under reference is mainly due to the bifurcation of the advertizable ministerial posts of Dafterband, Gollar, Octroi Manegar, cattle-pound mutsaddi and Town Hall Mutsaddi from the Executive Service and the inclusion of these posts in the ministerial service with effect from 1-1-1939 according to the instructions conveyed in memo No.2946-3046/C.R.B 22-38-1 dated 30-10-1938 from the General Secretary to Government forwarding a copy of his letter No.2097 C.R.B 22-38-1 dated 11-10-1938 in the matter to the Deputy Commissioner, Bangalore District.

The figures of the last ½ year in the ministerial part of the statement represent only the clerical strength of the Municipality, whereas the ministerial figures for the current half year include the clerical as well as the advertizable ministerial services. However, in order to facilitate verification, the advertizable ministerial figures are given separately in the same column for this ½ year.

(i) Ministerial service.

1. Lingayets:- The difference of 1 under this head is due to the relinquishment of appointment by Mr.P.N.Subbarayappa clerk, who was a probationer from the approved list.

2. Vaisyas:- The only candidate of this Municipality who was in a clerical appointment here tendered resignation to his post during the ½ year under reference. Hence the difference.

3. Mohamadans:- The difference under this head is 1. This is due to the fact that the post of Dafterband, Revenue Section, was added on to the clerical service during the previous half year. This has now been included in this ministerial advetizable service.

4. Adikarnatakas:- The increase of 1 under this head is due to the appointment of H.Chikkiah, a candidate from the approved list, in a clerical vacancy in the Water Section.

ii) Executive Service.

1. Brahmins:- The difference under this head is 4 and this is because the appointments of 2 Manegars (Brahmins) and 2 cattle pound Mutsaddis (Brahmins) has been transferred to the Advertizable ministerial service.

2. Lingayets:- The difference of 2 under this head is due to the fact that one Maralu Siddappa, an Assistant Sanitary Inspector of the Public Health Department was withdrawn by the Director of Health; and cattle pound mutsaddi was reduced as peon.

3. Mohamadans:- The difference of 5 under this head is explained as follows:-

3 have been transferred to Advertizable ministerial posts.

1 Revenue Inspector, Mr.C.Y.Zahiruddin was thrown -out as the duration of the vacancy ceased.

1 Mirza Younus Khan, Assistant Sargeant Vani Vilas Market was removed from service for certain irregularities.

4. Christians:- The difference is 2 under this head and it is explained as hereunder:-

a) 1 has been transferred to the Advertizable ministerial service.

b) 1 lorry driver, Ashwa was removed from service for misconduct.

Vokkaligas:- The difference is 7 under this head and it is explained as follows:-

a) 3 have been tranferred to the Advertizable ministerial service.

(b) i) 1 was removed from service for corrupt practices.

ii) 1 retired in the ordinary course.

iii) 1 ~~reti~~ was compulsorily retired from service.

iv) 1 resigned his appointment.

Other caste Hindus:- The difference is 6 under this head and it is explained as follows:-

a) 5 have been transferred to the Advertizable ministerial service.

and

b) 1 was removed from service for corrupt practices

Adikarnatakas:- The difference is 2 under this head and it is due to the transfer of the 2 posts of Octroi Manegar to the Advertizable ministerial service.

Vysyas:- The post of Octroi Manegar, taken as "Executive" in the previous ½ year has now been transferred to the Advertizable ministerial service. Hence the difference.

FROM

MYSORE.

To

The Secretary,
Central Recruitment Board,
Bangalore.

Sir,

With reference to your letter No.21499/C.R.B., dated 16-10-1939 regarding the "C" Statement of this Municipality as on 30th June 1939, I have the honour to state that reasons for the decrease in the number & percentage of appointments held by Non-Brahmins in the Executive service were furnished in the explanatory memorandum forwarded with this office letter No.G.T.546 dated 1-8-1939 accompanying the "C" statement. Another copy of the explanatory memorandum is herewith enclosed for reference.

It will be seen from the "C" statement for the half-year ending 30-6-1939 that the number of Non-Brahmins in the executive service during the half-year ending 30-6-1939 is 50, and during the previous half-year it was 76. The difference of 26 is due, to a large extent, to the transfer of the appointments of Manegar, Cattle-pound Mutsaddy, Dafterband and Gollar from the Executive to Ministerial service in accordance with the latest instructions of Government in the matter, and also to the removal of certain officials from service for -- misconduct, including a few cases of resignation and retirement, as already explained in the explanatory memorandum referred to in para 1.

A detailed schedule of the several establishments of the Municipality furnishing information as to the communities was forwarded with the "C" statement. Another statement showing the allocation of the permanent incumbments in the several establishments of this department, according to pay as on 30-6-1939, is herewith

enclosed.
